SUMMARY

Motivated and detail-oriented IT professional with over 1 year of experience as a Cyber Security Specialist and multiple internships in cybersecurity. Expertise in identifying and mitigating network and web application vulnerabilities using tools like Wireshark, OWASP ZAP, Nikto, and Wazuh SIEM. Certified Ethical Hacker (CEH) with proven skills in security protocols, firewalls, vulnerability assessments, SIEM monitoring, and incident response. Actively building a GitHub portfolio of cybersecurity labs and security projects. Seeking to contribute to dynamic cybersecurity teams and grow in areas such as SOC operations, penetration testing, and risk management.

EXPERIENCE

03/2026 – 05/2026
Blue Team Intern
Cyberster | Islamabad, Pakistan

02/2026 – 03/2026
Cyber Security Intern
DevelopersHub Corporation | Pakistan

01/2026 – 02/2026
Cyber Security Intern
Syntecxhub | Remote

12/2024 – 01/2025
Cyber Security Intern
The Red Users | Remote

Configured firewall rules and analyzed network traffic to identify anomalies and potential security threats.

Identified and manually exploited critical web application vulnerabilities, including SQL Injection, XSS, and CSRF, using OWASP ZAP and WebGoat.

Developed and created security awareness content to educate employees on best practices.

Engaged with the professional cybersecurity community to stay updated on latest trends and threats.

06/2024 – 06/2025

Cyber Security Specialist
Vista Impex Intl | Sialkot, Punjab, Pakistan

Implemented and managed robust security protocols and firewalls, significantly enhancing data protection for sensitive company and client data.

Provided critical network infrastructure support and maintenance, including management of office modem, ensuring consistent connectivity, and performing immediate fault resolution for physical network layers.

Routinely executed diagnostics and repaired network disruptions, including terminating and installing new RJ45 connectors on CAT6 cables to restore service reliability.

Conducted regular vulnerability assessments and security audits to proactively identify potential risks and implement effective mitigation strategies.

Continuously monitored and analyzed network traffic using Wireshark to detect and respond to potential cyber threats in real-time.

Maintained the security and integrity of the organization's digital and physical infrastructure, ensuring a secure and highly available operational environment.

EDUCATION

08/2024 – 11/2024

CEH / CHFI, Cyber/Computer Forensics and Counterterrorism
University of Sialkot, Pakistan

10/2022 – 07/2024

Bachelor's Degree in Information Technology (BS IT)
University of Sialkot, Pakistan

10/2019 – 08/2021

Associate Degree in Information Technology (ADP IT)
University of Sialkot, Pakistan

CERTIFICATIONS

02/2025 – 03/2026

Certified Ethical Hacker (CEH)
EC-Council
